Dear Sweet Chinn Family,

very much!

When I first met all of you, my hope was that maybe I could offer you some comfort and an expressive outlet for Tara during her hospital stay. Never in a million years could I have imagined the kindness and generosity that would be returned. Thank you for filling a need in our music therapy program, and for supporting our patients and families as well. →

In the words of Alabama, "I believe there are angels among us" - and each of you are one of them!

From the bottom of my heart and on behalf of the Music Therapy Team here at Children's, Thank You for all you have done and all you continue to do!
