Chinn Guitar Project
c/o Ken Chinn

Letter of Support

To Whom It May Concern,

On behalf of the Creative Arts Therapies at Cincinnati Children's, we would like to show our gratitude for the Chinn Guitar Project and their generosity of 12 guitars for our patients to use in the Seacrest Studio and in therapy! These resources will be used hospital wide so that patients and their families can get a hands-on-experience into the world of guitars! We are grateful and look forward to continuing to use these instruments every day!

A handwritten signature in black ink, appearing to read "Brian Schreck".

Brian Schreck, MA, MT-BC
Music Therapist/Coordinator
