To Whom It May Concern:

My name is George Faber and I am the Director of Visual and Performing Arts for the Tyler Independent School District. I am writing this to let you know that Mr. Chinn is much appreciated here in Tyler ISD. I met Mr. Kenneth Chinn on November 12, 2013 for the first time at his Wells Fargo office in Longview, Texas. Since that time he has been helping our after school programs on two of our elementary campuses in Tyler, Texas. The smiles on the students' faces are priceless when they learn they do not have to share their guitars and can practice without worrying about someone else wanting the guitar. These afterschool programs help to motivate students to come, participate and stay in school. The Chinn Guitar Project has provided acoustic guitars, electric guitars, tuners, picks and books for the students and teachers on two of our campuses. Other campuses are asking now when they will be able to start a guitar after school programs.

Sincerely,

George A. Faber, II
